## Fiscal Analysis

### ASSUMPTIONS:

1. HB 557 requires school districts to file information with OPI on the curriculum used by the school district in its health enhancement instructional program.
2. OPI must maintain a file of curriculum resources for health enhancement courses of instruction. The file must be made available to school districts for use in planning courses of instruction in health enhancement and human sexuality.
3. In order to screen materials to make sure they comply with the bill, create, and maintain a file of curriculum, OPI will need 1.0 FTE health enhancement specialist (Grade 16 @\$48,467 for salary and benefits). Operating expenses including indirect costs will cost \$20,000.
4. The file that is maintained will be in electronic format only and available on the Internet.

Fiscal Note Request, HB0557, As Introduced
